

Guide to ECTS points for Incoming Students

ECTS-points are equivalent to our "Leistungspunkte" (abbreviated LP). These are usually listed online on LSF (the university-wide course catalogue). As a general guide, based on course type **in our department** (it almost certainly varies elsewhere in the university):

- Hauptseminar - 8
- Proseminar III - 6
- Proseminar II - 6
- Proseminar I - 5

The ascending number of points corresponds to the level of the course: PS Is are first-year courses, while *Hauptseminare* are actually MA courses (but a native English Erasmus+ student is allowed to take them nonetheless.)

Sprachpraxis (=Language courses for non-native speakers of English) - 4

Lectures - 4

(Note that unlike in the UK lectures are often not linked to any other seminar-type course: they are separate and independent study units.)
